

KUTLWANO MAVIMBELA

Full-Stack Developer — Johannesburg, South Africa

kutlwano.mavimbela@gmail.com · github.com/kutlwano-mavimbela · linkedin.com/in/kutlwano-mavimbela

PROFILE

Full-stack developer based in Johannesburg. I build end-to-end web products — from database schema and APIs to polished, fast interfaces — and I care about readable, maintainable code.

TECHNICAL SKILLS

TypeScript React Node.js Python PostgreSQL Tailwind CSS REST APIs
Git & GitHub

SOFT SKILLS

Communication Problem-solving Teamwork Time management Adaptability
Mentoring

PROJECTS

- PulseBoard** 2026
Realtime analytics dashboard streaming live metrics over WebSockets with custom, zoomable charts. React, TypeScript, WebSockets, D3.
- ShopSmart** 2025
E-commerce storefront with cart, checkout and order tracking — a 3-tap flow that keeps conversion high on mobile. Next.js, Stripe, Tailwind CSS.
- TaskFlow** 2024
Team task manager with boards, deadlines and activity feeds; cut project admin time for a 15-person team. React, Node.js, PostgreSQL.

EXPERIENCE

- Junior Full-Stack Developer · Nodal Labs** 2024 — now
Build and maintain client web platforms end to end — API design, data modelling and front-end features.
- Software Development Intern · Braintech Solutions** 2023 — 2024
Shipped internal tooling and wrote tests across a legacy codebase while completing a structured mentorship.

EDUCATION

- BSc Computer Science · University of Johannesburg** 2020 — 2023
Focus on software engineering, databases and distributed systems.

CERTIFICATIONS

- AWS Certified Cloud Practitioner** 2025
- Meta Front-End Developer** 2024
- Google Data Analytics** 2023
